Join the ArtWorks Program for its monumental 25th year!

The ArtWorks Program is a program of the MassHire Cape & Islands Workforce Board (CIWB), a nonprofit organization whose mission is to ensure an appropriate and available labor force for businesses on Cape Cod and the Islands. The CIWB is thrilled to announce that the ArtWorks Program will be entering its 25th year. This program has long provided students in grades 10-12 the unique opportunity to explore the creative economy through hands-on learning. During the academic year, students have the opportunity to work with a local artist that express a true passion for their artistic medium. Each dedicated and talented artist, play the role of a mentor throughout their guided instruction.

As we begin to emerge from the restrictions laid out by DESE, the safety of both our mentors and students are our top priority. As such, we are continuing to offer both virtual and hybrid, models for this year's program. Please note, for in-person meetings, you may still need to wear a mask depending on your mentor's level of comfortability and as DESE continues to update current restrictions and guidelines to abide by.

Please select from the options below your preference for how you would like to meet with your mentor.

- In-Person:** Artists will meet with students in their studio if they can abide by the [Massachusetts Mandatory Safety Standards](#) for workplaces regarding COVID-19. Please note, that these guidelines are continuing to update as more restrictions are lifted.
- Hybrid:** Artists will meet with their student both in-person and virtually. The ratio of in-person to virtual meetings will vary based upon your mentor's and your own availability and preferences.
- Virtual:** Artists will meet virtually with students over their preferred video communication service (Zoom, Google Meets, etc.)
